

CLARIFYING EXCELLENCE PROTOCOL

Balance skin's microbiome with clinically proven salicylic acid and retinal. Deliver award-winning products into the skin, minimizing pore appearance, reducing future breakouts, and renewing skin **excellence**. Regulate oil production and release dead skin cells while maintaining healthy barrier activity within the skin.

Products Needed:

BIO Enzyme Cleanser	BIO Hydra C Serum
ICE Sal Cleanser	PRO Retinal-Plus Treatment
PRO Anti-Aging Pads	PRO Refining Eye Crème
Sal Pulp	BIO Lip Factor
BIO Hydrating Mineral Masque	SPF EliōDrops 30 Sheer or Glow
PRO Lite Serum	

Treatment Protocol:

1

1st CLEANSE: Cleanse skin with **BIO Enzyme Cleanser**, removing eye makeup if applicable.

2

2nd CLEANSE: Cleanse skin with **ICE Sal Cleanser**, massaging for 1-2 minutes depending on the skin's need. Remove with cleansing sponges or a barber towel.

3

PRIME: Apply a **PRO Anti-Aging Pad** to the entire face, neck, and décolleté, beginning with the perimeter of the face. Do not remove.

4

EXFOLIATE: Combine equal parts of **Sal Pulp** and **BIO Hydrating Mineral Masque**, whipping with a masque brush. Apply to skin with a brush or gauze. Allow solution to sit for 1-3 minutes assessing skin and activity. Remove the mixture with cleansing sponges or barber towel soaked in cool water. Repeat removal/neutralizing process if needed.

5

BRIGHTEN: Apply 3-4 drops of **PRO Lite Serum**, working into skin.

6

HYDRATE: Massage one pump of **BIO Hydra C Serum** into skin.

7

RESTORE: Massage one pump of **PRO Retinal-Plus Treatment** into skin.

8

EYES & LIPS: Gently massage **PRO Refining Eye Crème** into the eye area. With an applicator, apply **BIO Lip Factor** to lips.

9

PROTECT: Apply **SPF EliōDrops 30 Sheer or Glow** to face, neck, and décolleté for complete sun protection.
